

VizComm™ GEO Tracker

Remove the complexity of in-transit cargo tracking in real-time. Easy-to-use and convenient to implement, the VizComm™ GEO Tracker delivers full visibility into every link of the supply chain. Real-time alerting enables proactive response to cargo delays and in-transit disruptions, thereby reducing business risks and driving logistics efficiency.

The single-use VizComm™ GEO Tracker is a battery-powered, covert device that can be custom configured for different reporting intervals and trip lengths. Whether for security or logistics applications, there is now a cost-effective solution for tracking every shipment by the minute or by the day, around the world. With global reach and stellar cellular performance, the VizComm GEO Tracker supports solutions across borders and in areas with impaired communication services.

Easy-to-Use & Implement

- Push-button start/stop for easy deployment
- Global communication coverage
- Intuitive LCD screen for working status and battery life
- User-friendly recycling process

Multiple Location & Sensor Reporting Modes

- Real-time location tracking to support both logistics and security.
- Single-use model reduces inventory costs and unit set up time; automated replenishment available.
- Global coverage to seamlessly support cross-border and impaired-environment activity.
- Automated alerts based on real-time location and sensor data.
- Works in conjunction with a secure, web-based tracking and monitoring platforms.
- Supports multiple monitoring solutions: SensiGuard™ Shield, SensiGuard™ Alert, SensiGuard™ Recovery, and SensiWatch™ Vision.

VizComm GEO Tracker Specifications

Size	(L) 6.25" x (W) 3.25" x (H) x 1" (L) 165mm x (W) 82mm x (H) 25mm
Weight	0.75 lb (0.34 kg)
Internal Sensors	Temperature: 5°F to 131°F/-15C to 55°C Light: 1-30 lux
Cellular Communication Standards	Global Quad band GSM (850, 900, 1800 and 1900 MHz) GSM/GPRS re. 97 (Data) TS 23.040 (SMS)
Housing	UL, 94-V0 flame retardant plastic, IP64 3000 lb (1360 kg) crush resistant
Device Interface	Status LEDs; LCD; Push buttons; USB

Sensitech Inc. is focused on delivering supply chain visibility solutions that track, monitor and protect products for global leaders in the food, life sciences, consumer goods, and industrial markets. Our solutions are focused in three key areas: quality and compliance, supply chain security, and logistics performance management. Quality and compliance solutions address temperature-sensitive, complex supply chains focused on delivering the highest quality possible, while our supply chain security solutions help to mitigate risks associated with theft, diversion and chain of custody. Sensitech's logistics performance solutions deliver origin-to-destination, real-time transparency to any in-transit journey. Sensitech Inc. is an ISO 9001:2008 company, headquartered in Beverly, Mass., with more than 35 sales, service and distribution locations around the world. Sensitech is a part of UTC Climate, Controls & Security, a unit of United Technologies Corp., a leading provider to the aerospace and building systems industries worldwide.
